EXPERIENCE

Ayuda, Washington, DC — Development Intern

August 2020 - December 2020

Tracked donations each week using my skills in excel. I also communicated with donors weekly regarding our thanks and reasoning behind donations. This resulted in my writing reports in our online database on how to best target future donors and sponsors

Created social media content to spread awareness and information about immigration laws in the United States. In addition, I assisted in the creation of letters and emails to potential and current donors

Assisted in planning 3 awareness events including a comedy night, expert panel, and profit-share with Immigrant Food

Fiesta4Hope, Pearl River, NY — Outreach Coordinator

May 2020 - August 2020

Applied for grants on behalf of the organization, acquiring \$47,000 to use in the implementation of social panels in Puerto Rico. This grant was for U.S. states only, requiring extensive research and communication from me in order to acquire the money for a non-profit in Puerto Rico

Wrote letters for potential or current donors and sponsors as well as communicated over the phone about their organizations impact and how they can help our cause. In addition, I translated between our U.S. organization and the Spanish-Speaking non-profit in Puerto Rico

Planned fundraising events including documentary showings and game nights
